Zero excuses: ‘Click It or Ticket’ campaign underway for Memorial Day

Round Lake Park, IL — The Round Lake Park Police Department is joining law enforcement agencies across Illinois for the 2026 “Click It or Ticket” campaign running May 15-26 during the Memorial Day travel period.

Officers will conduct high-visibility enforcement day and night, focusing on seat belt violations. Motorists who fail to buckle up can expect to be stopped and ticketed.

Illinois law requires all drivers and passengers to wear seat belts. While usage has increased to 93% in 2025, unrestrained fatalities remain a concern — especially at night.

Protect the little ones: Children under 8 must ride in the proper car seat. Seat belts save adult lives — car seats save children’s lives.

The “Click It or Ticket” initiative is funded with federal highway safety funds administered by the Illinois Department of Transportation. For more information on safe driving practices, visit ItsNotaGameIllinois.com.
